

Module 11: Programming Assignment 11

[Start Assignment](#)

- Due No Due Date
- Points 100
- Submitting a file upload
- File Types h and cpp

Programming Assignment

Using the List package, derive from ListItem a type Meeting. For each meeting store the date and time of the meeting, with whom you are meeting, and where the meeting will occur. The CompareByInsertKey function should order a list of Meetings based on the date and time. Write a small test program to test your Meeting type.

Submit your source code as attachments to the drop box for this module's programming assignment. You can find the drop box at the end of this module's tab page. Do not compress your attachments. Please review the requirements for submitting on the course syllabus.
