

Module 9: Short Answer 9

Start Assignment

- Due No Due Date
- Points 100
- Submitting a file upload
- File Types docx, doc, rft, and txt

Short Answer Questions

1. Normally, function bodies do not appear in header files, but they do appear in the header file for our template of dynamic arrays. Why?
2. What are the differences between templates and macros?
3. Discuss the differences between formal parameters to a function and the parameters to a template.

Be sure to include your name and assignment number in the file name, as such:
